Officer at Riot Scene Handled "A Bit Roughly"

Continued from Page One

turns than there were about 200 officers in a crowd which could have been easily controlled by the police. The riot was handled "a bit roughly" by the police.

As the first day's hearing and adjournment, witnesses still were being called against P. J. Lloyd Stiles, New Glasgow, who is charged with causing a riot, and two charges each of doing malicious damage and being a member of the Royal Canadian Regiment, an Ontario permanent force unit.

Previously taken were the cases against Sgt. Kenneth Arthur Burnham, St. John's, who is charged with causing a riot, and Sgt. J. H. W. Stiles, St. John's, who is charged with causing a riot, and Sgt. J. H. W. Stiles, St. John's, who is charged with causing a riot.

Two other adjournments will face a first adjournment. The first adjournment will be on Monday, July 11, at 10 a.m. The second adjournment will be on Tuesday, July 12, at 10 a.m.

At the court opened, the defence for Stiles and Stiles appeared to the president and members of the court. Capt. H. E. Gibson, defence counsel, said that Stiles and Stiles were from Canada, and that they were not in the country at the time of the riot.

Stiles, first of the three accused, was called before the court and charged with causing a riot, and with doing malicious damage to property.

FUNNY BUSINESS—Sort of a combination tool—comes in handy when he gets to the end of a row of corn.

The accused had been damaged and that Stiles should not be tried here.

Prosecutor McNeill said there had been no charges of rioting and before the present court. There was a delay while the court considered the admission of defence but after 10 minutes Graham announced the defence was not held valid and the trial of Stiles would proceed.

Terrific Toll Jap Warships, Planes Taken

Continued from Page One

The bombardment of Shimizu caused the new naval bombardment of Shimizu 250 fighters and fighter bombers were over Japan. For two hours they pounded targets on Kure, including shipping concentrations in harbor and off-shore.

The bombardment of Shimizu caused the new naval bombardment of Shimizu 250 fighters and fighter bombers were over Japan. For two hours they pounded targets on Kure, including shipping concentrations in harbor and off-shore.

Shortly after midnight a fast destroyer force raced into Suruga Gulf 60 miles southwest of Tokyo and hurled five-inch shells at the industrial and transportation city of Shimizu. The city of 68,000, which once handled most of Japan's tea exports, houses Nippon's largest aluminum plant and lies abutted the major railway line.

HEAVY FORCE

Twelve hours previously a heavier bombardment force, led by the U.S. battleship Massachusetts and the British battleship King George V, shelled the railway bottleneck city of Hamamatsu, 45 miles southwest of Shimizu.

Between the two bombardments, great swarms of carrier planes raked the entire southern end of Honshu island.

Lesser warships, ranging from destroyers downward, were caught by British armor at Misawa base yesterday.

Mazari, on the west coast of Japan's main island of Honshu, was the most distant point of the 400-mile raked by Allied pilots who by more than 40 airfields, destroyed or damaged sixty ships and small craft and 58 planes.

SECURITY BLACKOUT

Allied carriers went under an air security blackout off the burning Japanese coast in preparation for new blows. Their planes had destroyed or damaged no fewer than 60 ships and 138 planes yesterday alone in sweeps from Tokyo to Kobe.

Radio Tokyo said the Allied force included at least 14 carriers and was believed cruising off the tip peninsula on the east coast of Honshu. It estimated 1,600 Allied planes attacked the central Honshu area during a 13-hour period yesterday.

Other carrier and land-based planes raked Honshu during the night. Ten or more carrier aircraft hit airfields on Tokyo Bay, single Superfortresses and Liberators flew over Yokosuka and other planes appeared over the Shinkwa prefecture coast.

SHIPPING DISRUPTED

Nimitz's communiques, coupled

SUSIE Q. SMITH—"You mean to say you REALLY wanted to look at the moon?"

with similar announcements from Gen. Douglas MacArthur's Far Eastern Air Force, revealed that Japan's shipping, railway lines and small factories have been disrupted to the greatest extent since the start of the war.

EDMONTON BULLETIN—ALBERTA'S FIRST NEWSPAPER—TUESDAY, JULY 31, 1945

called by new strike votes in Winnipeg and Saskatoon.

Striking members of the United Packinghouse Workers of America (CIO) Local 114 voted Tuesday to accept the terms under which Mr. Justice K. & Richards of Winnipeg notified their officers he would agree to arbitrate the dispute which has tied up five Toronto plants of Canada Packers Limited and spread to four other Canadian cities.

They directed their officers at midnight Tuesday morning to seek to open negotiations with the firm on the basis of Mr. Justice Richards' terms, made known to both the Union and Canada Packers officials by wire today.

No details of the terms were made public.

NO CONFIRMATION

Union members in one Saskatoon and six Winnipeg plants owned by other companies, voted to walk out Thursday morning in sympathy with other strikers. There is a rumor that similar action will be taken by workers in the three packing plants in Edmonton, but confirmation of this report could not be obtained.

The Saskatoon and Winnipeg votes came shortly after union and management officials in Toronto agreed to arbitrate the dispute.

The arbitration proposal came from the union late Monday and was immediately accepted by J. S. McLean, president of Canada Packers. Fred Dowling, national director of the U.P.W.A. later expressed hope that the Toronto strikers would be back at work by Thursday, and both union and management said that they expected renewed negotiations would begin Tuesday.

Plants involved in the Winnipeg sympathy strike vote are: The Manitoba Cold Storage Co.; Western Packers; St. Boniface Abattoir;

Public Abattoir; Farmers' Abattoir; and Swift Canadian Co. Union officials say the work stoppage would affect approximately 1,200 workers.

The Saskatoon strike vote was at the local plant of International Park Packers Ltd. and involved 300 employees. Union officials at Saskatoon said that "other expected employees of other independent packing plants not affiliated with Swifts, Burns or Canada Packers, would strike in 1945 time. Norman Richards, Regina, representing the U.P.W.A. said Tuesday that he was going to Plymouth to address packing house workers there seeking support for the sympathy strike.

Members of the Alberta Livestock Cooperative Limited, meeting in convention at Edmonton, Tuesday, sent wires to Dominion government officials urging that immediate steps be taken to settle the packing house workers' strike and to resume processing of livestock.

The delegates are attending a two-day convention in the 100th Hall on 101 street, and Tuesday night they will conduct examinations of directors for elections which will be held Tuesday afternoon.

Hugh W. Allen, chairman, reported to delegates at the morning session.

PAGE THREE

the sympathy strike.

Members of the Alberta Livestock Cooperative Limited, meeting in convention at Edmonton, Tuesday, sent wires to Dominion government officials urging that immediate steps be taken to settle the packing house workers' strike and to resume processing of livestock.

Here's What the Press Said

Prefabricated Huts En Route From Dawson Creek to City

Carloads of prefabricated huts are rolling from Dawson Creek to Edmonton under a program undertaken by a group of business men to give relief to the housing shortage in the city and district.

A. W. Ferguson, Ottawa, regional representative of the federal construction controller, was quoted in an interview here stating that he was convinced that the scheme offered exceptionally good value.

The material for the Edmonton group was purchased from the War Assets Corporation and removed from Dawson Creek to under way.

FOURTEEN CARLOADS

Fourteen carloads have arrived here over the N.W. and a steady stream is expected until all the stock is delivered.

Two models of the prefabricated houses were being erected at the southeast corner of 161 street and Kingsway where D. Irving is in charge for the Edmonton group. These are for demonstration purposes.

(One model is the so-called "Texas hut" type. It is 30 by 32 feet in size, with sufficient space for four rooms if desired by the purchaser.

The other model is 20 by 40 feet, and is identified as the "CCC" type. It could be utilized for the purpose of a larger family. In each model there are 12 windows, with doors at each end of the house.

The material is in excellent condition. It can be loaded on a truck by the purchaser to be taken to his desired location, either in the city or in outside districts.

CONNECTED BY BOLTS

Members of the Edmonton group who have purchased the material say that the prefabricated unit can be erected in six hours. Each section is connected by large bolts when put in position.

No mass buying of the housing units will be permitted, as the objective of the promoters is to secure as wide a distribution individually as possible and thus relieve the housing shortage.

Many of the units doubtless will be of four or five rooms, but it will be possible to obtain material for units for greater or smaller size, depending on the requirements of the purchaser.

The material being sold will provide the "shell" of the house. It is seasoned lumber.

Such prefabricated houses were used extensively in the CCC camps in the U.S. prior to the present war. Subsequently, many were transferred to Alaska, where it was found that such buildings were well suited to extreme cold. Stocks also were taken to Dawson Creek for hut purposes, when large numbers of the U.S. forces were stationed there during construction of the Alaska highway.

The material purchased by the Edmonton group was obtained from the reserve stock. Some of the material was in crates that had been unsnapped by the U.S. authorities. It is claimed.

HERE'S the ANSWER to your HOUSING PROBLEM! Attention!

Businessmen, professional men, investors, contractors, servicemen, builders, ranchers, etc., who are looking for a new home, size used huts at practically a fraction of the original cost. These prefabricated houses are ready to be knocked down, ready to haul away and crated to ship. They have been used only a short time, and are in excellent condition. They are bolted and assembled in a few hours on any city lot. House of your own choice.

CCC Type of House: Approximately 20 feet wide and 32 feet long. 12 windows and 12 doors. Can be easily converted into a 4 room house. Requires 3 to 4 rooms and can easily be converted into a 4 room house.

Texas Type House: Approximately 20 feet wide and 32 feet long. 12 windows and 12 doors. Can be easily converted into a 4 room house. Requires 3 to 4 rooms and can easily be converted into a 4 room house.

Models of these houses are on exhibition and open for public inspection DAILY at the southeast corner of 161 street and Kingsway. Make your application now and be sure of early delivery!

ORDERS FILLED IN ROTATION ONLY! Make your application now and be sure of early delivery!

Why there is more difference in Tire Mileage than ever before

GENERAL MAKES ITS OWN EXTRA-STRONG CORDS...IN ITS OWN MILLS, AS ALWAYS

GENERAL COMPOUNDS SYNTHETIC RUBBER BY ITS OWN SPECIAL EXTRA-MILEAGE FORMULA

GENERAL GIVES YOU TOP-QUALITY AS ONLY GENERAL KNOWS HOW TO BUILD IT

As Always - GENERAL FOR EXTRA MILEAGE

As Shown by Records of General Tire Users

Today there is more difference in tire mileage than ever before, because it takes a special "knack" ... every step of the way ... to build long mileage into synthetic tires. General has always gotten more mileage out of rubber ... naturally, General knows how to get more out of synthetic. Local users have proved this. Synthetic Generals give mileage equal to General's premier best! We invite you to inspect the certified figures. You must have your present tires recapped, if possible ... but, when you get a precious new tire certificate, be sure of long mileage: get General's known Top-Quality.

District News in Brief

War Bride Honored By Women's Group

CORONATION.—In honor of Mrs. Barbara Wallace, English war bride, members of the Women's Institute held a shower at the home of Mrs. J. Anderson. The guest of honor was presented with many gifts and welcomed to her new home by the president, Mrs. R. McLean.

Recent arrivals from overseas: Mrs. Robin Hood, Cpl. C. Henry, P. J. M. Githerson, G. L. Schell, Mrs. J. K. J.

Rehabilitation committee entertained a number of returned men, their wives and friends at dinner here. Mayor J. Anderson gave an address of welcome. Entertainment was provided by Mrs. W. Huddle, Mrs. E. Storer, Mrs. M. Huddle, Mrs. E. Hood, P. Taylor and D. W. Paradise.

Red Deer

RED DEER.—L. Rex Thuermer, R.C.N., who has been spending his time here with his parents, L. Thuermer and Mrs. L. A. Thuermer, left this week for Eastern Canada. CPO John M. Diller, R.C.N.V.R., is home on leave from the West Coast. CPO John M. Diller, R.C.N., is home on leave and is visiting his parents, Mr. and Mrs. George Diller, Woodrow House, left this week for Nelson, B.C., to join the staff of the Imperial Bank of Canada. He recently received his discharge from the R.C.N.V., in which he held the rank of flying officer. L. and Mrs. Tom Cornett are spending holidays at Denver, Col. L. Cornett returned home recently from overseas after being a prisoner of war since Dieppe.

Descendant of Old Barr Colonists Going North to Lonely Outpost

LYDDMINSTER.—The spirit of adventure that was prominent among members of the famous Barr Colonists and those who followed them in later years to Lyddminster is still prevalent in the descendants of those old pioneers.

The latest example is in the person of Miss Ruth Deane, youngest daughter of Mrs. Phyllis Deane and the late Mr. Deane, oldtime residents of this district.

Gleaned From Rural News

HARDISTY.—Home on leave: P. Robert Lord, OS, Harold Hendricks, R. Murray, G. Miller, R. Anderson and G. Senga. District meeting of the Fifth Masonic district, A.F. and AM, YRA, was held in the IOOF hall here. Among those present were the following officials: G. H. C. Williams, G. Moore, R. T. Wright, and others. Refreshments were served by the United Church Ladies Aid.

STROME.—F. W. Hill, RCAF, who recently returned from overseas, has been visiting his parents here. He has volunteered for Far East service.

JASPER.—At recent examinations held by the Toronto Conservatory of Music, the following pupils of Mrs. Phyllis M. Sherriff were successful in piano and theory: ATCM solo performers and teachers.

ST. PAUL.—The new pastor of this parish, replacing the Rev. Father Meunier, is the Rev. Father Panabak, former parish priest of Pincher Creek. During the week and a half absence of a pastor for the RC church in this parish the Rev. Father Ladue acted as pastor.

ST. PAUL.—The gas drilling outfit of the H. G. MacDonald company of Edmonton has arrived here and drilling is expected to start soon as to have gas in St. Paul by late September or early October. Geologists who have examined the region said that it is rich in both gas and oil.

Guest of Honor
BOWEN.—Mrs. Joyce Pearce, English war bride who arrived here recently, was guest of honor at a maceloushover in the United Church hall. She was presented with numerous gifts by Gloria Michaluk and Ruth Pearce, on behalf of the gathering.

PRIVATE: BUCK—"It may sound strange, Eva, but I'm here only because the army has its housing problems, too!"

Lloydminster Man Receives Mention

LYDDMINSTER.—Sgt. Norman Clarkson, son of Mr. and Mrs. W. T. Clarkson of Lloydminster, and a former member of the Lloydminster step-officer staff, now serving in Holland with the Canadian Army, has been mentioned in dispatches for information reaching here.

The dispatch, bearing the insignia of the 21st Army Group, contains the following: "It has been brought to my notice that you have performed outstanding good service and shown great devotion to duty during the campaign in North-

west Europe. I award you this certificate as a token of my appreciation, and I have given instructions that this should be noted in your record of service." This dispatch dated July 6, 1945, and bears the signature of R. L. Montgomery, Field Marshal, commander-in-chief, 21st Army Group.

Hold Stampede

BRUCE.—In spite of threatening weather and a short spell of rain just before opening time, the 31st annual Bruce stampede drew a large crowd. Some excellent bull riding was seen. A roundup dance at night was well patronized. Bill Horva was manager for the event.

Take No Action On Extensions To Power Plant

No decision was reached by the city council's power committee Monday on the proposal to spend \$1,750,000 on extensions to the generating equipment at the city power plant, and no action was taken on the proposals submitted by the Calgary Power Co. relative to changes in the present interchange agreement.

Committee members decided that the matter be again discussed on Tuesday, August 7, when information will be available from J. J. Mitchell relative to production costs of the city.

SOME OPPOSITION

Several Aldermen expressed opposition to the Calgary Power Co.'s proposal that under a new agreement if the city desired peak load coverage, that it be on a basis of a stated amount of power and for a stated number of years, but to be set by the city.

The company would hold this amount of power available and deliver it to the city whenever required, the city, however, permitting the use of peak power under an interchange of power agreement.

It is proposed by the company that each 1,000 kilowatt hours held available for one year would be equivalent to the purchase of 3,000,000 kilowatt hours, and the company would be entitled to the return of the corresponding amount.

Aldermen stated that this was a variation of the standby charge principle on which the city has been operating, and intimated that they were not in favor of the return of any such charge. It was stated that the city could save \$1,000 annually for a full year of set aside by the company for the city under the proposed agreement.

AGREEMENT NECESSARY

While agreeing that some form of standby agreement might be necessary, Aldermen were of the opinion that at present the company's need for such standby was greater than that of the city, and the opinion was expressed that when the future operational plans of the ultimate plant outside Calgary had been determined the company would have to come to the city with a concrete proposal.

Robert G. Watson, power superintendent, was of the opinion that any future agreement with the company should be on a pay-as-you-go basis. The company should pay for power drawn from Edmonton's plant, and the city for power taken from the company's transmission lines.

In its memorandum to the city, the company's points out the advantages of an interchange agreement, and would welcome any plan that will make it possible to share with the city the savings that can be effected through the continuance of the interchange.

It is pointed out in the communication that lowest electricity is indispensable if heavy power using industries such as Alberta Nitrogen Products, Ltd., are to be established in this province, and it is of prime importance that existing facilities be used to maximum effect, and that extensive plant planned having regard to economical production.

NOT FORSEEN

Committee members said that it had not been foreseen when the present interchange agreement had been entered into that the power demands of the city plant would be as great. They said that consumption was practically double that originally contemplated, with the result that the company's power resources had been taxed to near peak capacity to handle this. This made it impossible to return any large quantity of the energy supplied by the city to the company, and had resulted in a power deficit against the company of approximately 80,000,000 kilowatt hours.

Ald. Sidney Parsons was of the opinion that irrespective of the action taken concerning the continuance of the present interchange agreement, or the entering into a new agreement with the company that the extension of the generating equipment at the power plant should be proceeded with.

He proposed that the commission's recommendation be concurred in, but other Aldermen were of the opinion that further study should be given to the company's offer, and also that there should be definite information regarding the future operation of the nitrate plant before action was taken on the power plant extension.

OPINION OF MAYOR

Mayor John W. Fry expressed the opinion that there should be no rush to place orders for generating equipment that would not be delivered for several years. He thought that a few months delay would not materially affect the situation, and it was possible that as discoveries might be applied to future generating machines. He would not see why the city should be asked to give a firm contract now for machines, the construction of which would not be started possibly for a considerable period.

Domestic Power Line Disrupted

Domestic power and light service throughout the northeast section of the city was interrupted Monday evening for approximately two hours through a break in a transmission line at 113 avenue and 21 street. The break occurred about 8 p.m. and service was not restored until 7:50 p.m. Workmen from the electric department traced down the break, but the windy weather interfered against speedy repair of the break. The breakage did not affect street car or trolley bus service.

FRIENDSHIP FOSTERS UNITY

300 years ago Calvert said: "Preserve unity and peace"

The future of the world depends on UNITY

CALVERT, famous English Statesman and Secretary of State to King James I, far back in the 17th century pioneered in establishing mutual understanding and friendship between the Old World and the New.

Founder of colonies in Newfoundland and Maryland three centuries ago, Calvert said to his colonists, "Preserve unity and peace... do justice to every man"

Calvert, man of vision, foresaw in 1622 today's great partnership between the British Commonwealth and the United States.

We, of Canada, are best fitted to assure the preservation of the close comradeship between Britain and America, for we are the friend of both, the interpreter of one to the other.

The security of the world depends greatly on the continued cooperation of the British Commonwealth and the United States. It is the birthright of every Canadian to foster that friendship.

**Angel to Wrestle
Here Next Tuesday**

here Next Tuesday
Maurice Tillet, known all over the sports world as The Angel, will make his first appearance in front of the local public at the Empire Theatre next Tuesday night, August 7.

What would make things more interesting for the local wrestling fans is that Ted Christy, the Hollywood "bad boy" will be his opponent. It would really please most folks if Mons Tillet puts his famous hold, the bear hug, on the unpopular Christy's back.

Darby Melnick, Calgary's chief wrestling promoter arrived in town last night to complete arrangements for the big card. He also announced that he has secured the services of two other outstanding grapplers to round out a good card.

**Santa Anita May
Get 55-Day Meet**

LOS ANGELES, July 31. — (AP) —The California Horse Racing Board Monday tentatively granted Santa Anita race track a 55-day meeting starting Dec. 29 and ending next March 16.

The board withheld final approval of dates, including five days for charity, pending a meeting of all California race track operators to map out a schedule for 1946.

Wheat Acreage Shows Increase

More than 12 million acres in Alberta have been sown in wheat, barley and flax seed this year, according to figures issued Tuesday by the provincial agriculture department.

Wheat acreage in the province this year is estimated at 8,820,000 compared to 6,730,000 acres sown last year.

Other crop acreages are: oats, 3,030,000; barley, 1,941,000; and flax seed, 119,000.

Wheat, oats and barley acreages all show increases over 1944 figures, while flax seed dropped from 191,500 acres last year to the present total.

Rebuild Portions Calgary Highway

Reconstruction of the Calgary highway between Edmonton and Millet is expected to be completed by fall, according to Hon. W. A. Fallow, minister of public works. This section of the highway, 30 miles long, is being reworked and will be armoured, according to the minister.

Twelve miles of the new road have been completed immediately south of Edmonton. Motorists are detouring via the old Calgary highway while work is going ahead.

Work on the Calgary-Crossfield section of the highway has been finished, and a third outfit has been released for the Edmonton-Millet section, Mr. Fallow added.

He said the Buckeridge-Calgary highway is expected to be completed this fall. This route will link the Coal Branch with Edmonton through the Jasper highway.

Produce More Coal Here Than in 1944

Alberta coal output for June, 1945, was 617,000 tons, an increase of 104,877 tons over June, 1944 production, it was revealed Tuesday by John Crawford, chief inspector of mines for the province.

Greatest increase was shown in the bituminous field, where 421,475 tons were mined in June compared to 333,000 tons mined last year. In the sub-bituminous field including the Edmonton area, 193,620 tons were mined this year compared to 177,238 tons in June, 1944.

Edmonton production was 29,957 tons in June, 1945, compared to 16,834 tons mined last year.

Total provincial output from Jan. 1 to June 30 was 2,871,892 tons this year, compared to 2,432,380 tons mined in the same period last year.

Outlook For Fruit Crop Is Improved

OTTAWA, July 31.—(CP)—The outlook for fruit crops, except apples and loganberries, improved this month, the Dominion Bureau of Statistics reported yesterday.

Apple prospects declined six per cent since the end of June, owing to the anticipated harvest to 7,716,000 bushels. The crop this year is 25 per cent below that of last season of 17,420,000 bushels and is 43 per cent below the 1944 average of 13,621,000 bushels.

Dies of Injuries

LONDON, July 31.—(CP)—Gerald Castles, 44-year-old Belfast painter, died yesterday of injuries suffered July 25 when he was attacked in his studio by an unidentified assailant. Castles, known for his portraits of beautiful women, was found unconscious in front of a newly-completed canvas.

Transfer Officer

OTTAWA, July 31.—(CP)—Inspector T. B. Huthorne, in charge of the office of "J" Division, Royal Canadian Mounted Police at Prince Albert, Sask., for the last several years, is being transferred to superintendent of the force at Fredericton, N.B., as RCMP official said last night. No successor was mentioned for the Prince Albert post.

Two High Staff Postings Made

OTTAWA, July 31.—(CP)—A retirement and two high staff appointments were announced yesterday at defence headquarters.

They were:

Brig. R. E. Smythe, 48, of Toronto, retiring as vice-quartermaster-general.

Brig. George Kitching, 34, of Montreal, who with the acting rank of major-general and command of the 4th Division overseas was Canada's youngest divisional general, succeeds Brig. Smythe. Brig. Kitching had recently been on the general staff of the 1st Canadian Corps overseas.

Lt.-Col. John E. Turnbull, 49, of Ottawa and St. Thomas, Ont., formerly assistant adjutant general for discharge centres, is appointed to the headquarters staff of the 1st Canadian Replacement Depot, of the Canadian Army Pacific Force.

Mitchell Has Faith In Free Enterprise

OTTAWA, July 31.—(CP)—Labor Minister Mitchell last night expressed conviction that free enterprise, in cooperation with the government and labor unions, will meet the problems of rehabilitating veterans.

Speaking on a CBC trans-Canada network, Mr. Mitchell discussed the complications of fitting back into civilian life the more than 2,000,000 men and women who, over a six-year period had been moved from peacetime jobs.

"While the government through certain measures may assist greatly in the finding of positions for veterans of the war, in the final analysis that may best be done through private channels," he said.

"Free enterprise has brought this country far along the road of progress and prosperity. In the main most of the opportunities for jobs, careers, success in life, have come through free enterprise.

I know how well employers are aware of this and how keen they are to co-operate with the government in making the rehabilitation program fully successful."

Response Good To Federal Plan For Vets' Homes

OTTAWA, July 31.—(CP)—National housing administration officials said yesterday they have had "very good" response to the government's offer to assist builders with the construction of low cost homes for veterans and their dependents.

The government's proposals were outlined in a circular sent to builders earlier this month. The circular stated that builders who started housing developments would be assisted in obtaining labor and materials and the Dominion would share certain financing risks.

The government's proposals were outlined in a circular sent to builders earlier this month. The circular stated that builders who started housing developments would be assisted in obtaining labor and materials and the Dominion would share certain financing risks.

Joseph Kramer Of Belsen "Fame" Will Stand Trial

2nd ARMY GROUP HEADQUARTERS, Germany, July 31.—(Reuters)—Joseph Kramer, commander of the notorious Nazi Belsen concentration camp, and 45 others will go on trial next month charged with causing the death of about 26,000 prisoners and ill-treating others.

Lüneburg will be the scene of the trial, expected to last two weeks, and some of the persons to be tried will be former inmates accused of having agreed to commit atrocities on their fellow prisoners for special privileges.

Clawed By Bear

CHICAGO, July 31.—(AP)—Anthony Raush, 39, was clawed and chewed severely yesterday by a 500-pound black Tibetan bear while cleaning a cage in the Lincoln Park zoo's bear pit. Jack Lansing, park policeman, killed the animal with three shots. Raush's condition was reported serious.

Death Natural

LACHUTE, Que., July 31.—(CP)—Verdict of natural death was returned yesterday by Coroner Dr. A. LaFleur after inquest into the death of Leon H. Leprie, 62, police chief of nearby Bromont, who collapsed at the police station here shortly after he had arrested two Montreal merchant seamen.

HAMBURG AND DUMPLINGS MAKE A GRAND MEAL

Grandma knows a good dish when she sees it and this is one of her favourites. Nourishing, thrifty and flavourful. Like many a tempting recipe, it calls for Libby's Prepared Mustard. That tangy condiment that makes good food taste better.

HAMBURG AND DUMPLING STEW

- | | |
|------------------|-------------------|
| 1 lb. round beef | 2 cups whole milk |
| 1 lb. round beef | 1 cup butter |
| 1 lb. round beef | 1 cup hot water |
| 1 lb. round beef | 1 cup cold water |
| 1 lb. round beef | 1 cup cold water |
| 1 lb. round beef | 1 cup cold water |

Mix steak, 1/2 teaspoon salt, pepper, onion and mustard, and then add small cakes. Brown on both sides in the fat. Lift out meat cakes. Boil 1 tablespoon flour with fat. Add tomato soup, 1/2 teaspoon salt and hot water. Replace cakes and bring to boil. Stir remaining flour with baking powder and 1/2 teaspoon salt. Add to gradually, heating until smooth. Drop mixture by spoonful on top of boiling hamburger mixture. Cover closely and steam for 15 minutes. Serve at once. Serves 6 or 8.

Libby's PREPARED MUSTARD

Hudson's Bay Company

INCORPORATED 2ND MAY 1670.

You are Invited to Attend "Open House" at the U.S.A.A.F. Field on

Air Force Day

Tomorrow, Wednesday, Aug. 1st

On the occasion of the 38th Anniversary of the founding of the U.S.A.A.F., a thrilling and interesting programme has been arranged by U.S. officials. You are cordially invited to inspect the Air Base and displays, and to see the exhibition of bomber, fighter and reconnaissance aircraft, between 1:00 p.m. and 6 p.m. tomorrow.

Be Sure to See This Great Display!

The ROAD AHEAD

By Capt. HARPER PROWSE, M.L.A.

NEITHER the acts of governments, the prayers of the godly, the love of his mother or the dreams of his wife can help the man who won't win himself. And in the final analysis a returned man's chances of becoming a useful citizen will depend on his own ability, and willingness, to take advantage of his opportunities.

Much has been said about the "raw deal" that servicemen received when they returned from the war. Yet in every walk of life today one finds veterans of the last war who have managed, in spite of their handicaps, to earn themselves positions of leadership and prominence.

A very good friend of mine who is one of the most successful surgeons in this province told me the other day that he is glad that he never managed to obtain any rank higher than private in the last war. I began to live without spending much money as a private. I didn't have to live with anyone, I didn't get used to any expensive amusements or develop any expensive appetites. The result is that I have not had any difficulty living within my income and today I spend less on myself than any other person I know who earns as much as I do, he explained.

One thing servicemen must get used to is that they are no longer the center of the universe.

Opens New Electric Shop

A cordless invitation is extended to all to visit the new Jasper Avenue shop at 9628 Jasper Avenue. The shop is a full line of quality electrical supplies, lamp fixtures and appliances will be handled. Fluorescent light fixtures, air conditioner, 1000 watt 220 Volt transformers, light bulbs and lamps, vacuum cleaners and radiators, pyrexia ware, etc.

The modern little reinforced concrete building was completed in relatively record time and many thanks are due to Glenn Construction Company, general contractors, E. Proctor, electrical, Archie Saunders, electrician, K. M. Plasterer, Hayward, plumber, Featherston Flower Service and Edmonton Paint & Glass Company.

WILBUR SEBORG well known city business man is pleased to announce the opening of his new store known as **Edmonton Electric Shop** at 9628 Jasper Avenue.

Former Prime Minister States Britain Would Strengthen Empire

By Capt. HARPER PROWSE, M.L.A.

In view of the experience of the past six years, the British government will endeavor by every means in its power to strengthen the partnership of the nations. Great Britain is a partner. Viscount Bennett made this statement Tuesday when asked if the Labor government's plans to establish a Socialist state in Britain within five years would have the effect of weakening Empire ties.

Viscount Bennett, former prime minister of Canada and leader of the Conservative party, arrived in Edmonton Monday night to address a meeting of the Canadian club here. He was accompanied by his wife, Mrs. Bennett, and a daughter, "Commonwealth and Empire Relations."

He said that he was delighted to be back again in Edmonton, adding that it was 15 years ago that he made his first visit to the city. He had heard a great deal about the great expansion of the city and the place here. Viscount Bennett said, "and during Tuesday I hope to witness some of it."

NO CAPITAL Asked if Britain's reconstruction program would have the effect of restricting the flow of capital and services to Canada, Viscount Bennett said that Britain has no capital. All the nation's resources have been invested in war loans and the war industry was ended the debt weight on Britain was approximately 30,000 million pounds. Despite this Britain had endeavored to establish public schools, hospitals, and a new social order.

On the question of British immigration he said that the flow of people from Britain to Canada was not restricted. He said that the number of people from Britain to Canada was not restricted. He said that the number of people from Britain to Canada was not restricted.

Motorists Eager Make Long Trips Alberta motorists are once again "hungry for the open road," according to officials of the Alberta Motor Association, with motor trips in the Pacific coast, by way of the United States, proving most popular.

SHORTAGE Destruction of dwellings by bombing and the setting up of housekeeping by the youth of Britain has created a great shortage of housing in the home countries. Every effort is being made to cope with this acute shortage.

ONLY MARKET Asked if Canada could continue to look to Britain as its principle outlet for grain, Viscount Bennett said that the only real market left in the world for agricultural products on a large scale was Britain, and the extent to which that market is open to Canada depends on the Dominion government's trade policy.

DOES HARM I know of other cases where sympathy with returned men has done harm. They have talked about how difficult it is for them to settle down, harked on how much the country owes them, and treated them generally as a burden.

HONEST INTENTION I have found everywhere I go an honest intention to help returned men. I have found everywhere I go an honest intention to help returned men. I have found everywhere I go an honest intention to help returned men.

Warner Voting To Take Place Coming Monday

By Capt. HARPER PROWSE, M.L.A.

Arrangements are nearing completion for the Warner by-election to be held on Monday. It was learned Tuesday from government officials.

The election is the first test of Premier Ross' Manning government since the provincial general election last August was called by the resignation of John Law, M.P., national leader of the Social Credit party.

TWO CANDIDATES Candidates in Warner are L. C. Halmar, Social Credit, and H. C. Hearn, Single Tax nominee. Warner has been sent to the election by the federal government.

LEAGUE ARRANGES Picnic on Sunday Annual picnic of the Canadian Legion will be held on Sunday, Aug. 3, in Victoria Park starting at 2 p.m.

Adventure of Marriage Has Additional Perils

Engaged Couples Should Wait; Some Rush From the Battlefield to the Altar and Live to Regret It

It is no wonder that the engaged couple, who have put off their wedding day until the end of the war, rush almost from the battlefield to the altar. There has been the weary waiting and the hope deferred that makes the heart sick and it is only human that they should be in a hurry to snatch at their cup of happiness.

But, to those, Dr. Clifford R. Adams, who is the Director of the Marriage Counseling Service of Pennsylvania State College, offers this bit of sage advice. He says: "If they are wise, they will wait."

Your Baby And Mine

By MYRTLE MEYER ELDER

It is natural for children to want to play with other children. The saddest parent there is, however, is one who, because of his own fears, prevents his child from doing so. Let the boys come out. I want to play with them!

It is understandable, too, that any child outside the ordinary will be curious to children. Sometimes it may even be frightening to the timid child, but the thrill of the new and the excitement of the new is a thing which cannot be taught. It is a thing which must be experienced.

When a child enjoys new things, things and things to the parent one has to try to imagine what has upset this natural desire for companionship and interest in new adventures.

Mrs. J. E. Elder says her 5-year-old refused to take part in a wedding ceremony even after she had been provided with an expensive gown to wear as a bridesmaid.

"She accepted, then refused to be a flower girl in a Memorial Day parade. She would not let her hair be cut. She refused to attend Bible school after the third week."

"Her daddy took her and her little sister for a walk and once away from the house she said, 'Poor Mommy is all alone.' He offered to take her up with him and she did not want to go but did go and complimented herself when he got back that she hadn't been afraid and would do it again."

"I try to send her on errands. I praise her and ignore her actions. She won't stay at home with a woman sister and cries and screams until we have to take her home."

One has to dig deep to discover what has made her so fearful. Have you any suggestions to leave home if she won't be better girl? Mothers do this. They tell her to go but do not let her go. She has to stay in the house or at home or be near you all of the time.

Have you ever, in any quarrel with your husband, threatened to divorce him? The sensitive child will be enormously upset by this suggestion.

The helpful course is to be critical of your own behavior which might be shaking her security. Have her friends in the home so that she is not alone. Try to be in familiar surroundings. Stay with her for a time when you take her to strange places. She'll outgrow her fear and timidity.

Our leaflet, "The Timid Child" may be had as further aid with this problem. It may be had by sending a stamped, self-addressed envelope with this request to Myrtle Elder in care of the Edmonton Bulletin.

U.S. Sugar Position Continues Desperate

NEW YORK, July 31.—(AP)—O. H. Lamson, president of Lamson & Co., sugar brokers, said yesterday that the United States sugar supply "will continue desperate" for the next nine months with rationing probably being necessary to conserve the supply.

A war food administration spokesman said that on a per capita basis, civilian sugar supplies this year would be 72 pounds, compared with a 100-pound pre-war average.

McKenney on Bridge

By WILLIAM E. MCKENNEY
America's Card Authority

Ernest Faber of New York has long been a close friend of bridge players. He was president of the American Bridge League for a time, and one of the early honorary members of the American Bridge League.

The king in dummy and led the Jack of diamonds. When the finesse was taken, Faber won and led back the diamond. Declarer won in dummy and led a small club, fanning the king, and led the Queen of clubs. Now declarer was unable to get the end-play that would produce his ninth trick.

Weather Damages Ont. Apple Crop

WOODSTOCK, Ont., July 31.—(CP)—Weather has damaged Ontario's last apple crop to such an extent that only 20 per cent of last year's production is expected to be harvested. Geo. T. Lord, manager of the Ontario Fruit Co-Operative said here yesterday. Mr. Lord said the crop came near being a total failure this year despite early spring weather which gave promise of an abundant crop.

Special Score

OKINAWA, July 31.—(AP)—American troops on southern Okinawa, many of whom have been thirsting for beer for months, have a special score to settle with Japan. A Japanese torpedo plane attacked and hit a freighter with one half full of beer. The beer was destroyed although the ship was saved.

Dismiss Officials Of State Prison

LANSING, Mich., July 31.—(AP)—The state corrections commission last night dismissed Warren Harry H. Jackson and six other members of the staff of the state prison of Southern Michigan who have been accused by Attorney General John E. Edwards of responsibility for the prison's administration in the penitentiary.

Eight Air Lines

CHICAGO, July 31.—(AP)—Now way now has eight air lines in action, including one in London and one in Edinburgh. They are at present controlled by the British air ministry and served by military planes, with military personnel.

Big Adventure Over Commander of First Army Starts Long Journey Home

ABOARD J.E. DE FRANCE, July 31.—(CP)—Gen. Creer, who led the 1st Canadian Army to victory in Europe, started the last leg of his journey home last night with only the whistle of a tiny pilot boat and the buzzing roar of circling aircraft to bid him farewell.

There was no formality about the departure of the retiring commander. This huge transport, loaded with almost 1000 officers and airmen, a sprinkling of Canadian Women's Army Corps members and nursing sisters, made her way slowly out of the unweaved, landlocked harbor of Courcy, Scotland, in exactly the same unheralded way she left on 100 other Atlantic runs.

There were no demonstrations aboard the ship, either. Soldiers who for years had been dreaming and talking of the great day when they would be going home seemed unable to appreciate they actually were on their way. They watched the waves recede without a cheer or even comment.

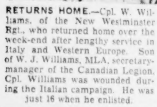

BIG ADVENTURE OVER

For them and the 35-year-old general, the big adventure was over.

Quick ride in the admiral's barge brought the general to the transport in mid-harbor, where he was greeted with cheers from thousands of men hanging over the rails. Aboard, he met Vice-Admiral Sir Richard Hill, flag officer in charge of Greenock, Sir Arthur Bromley of the Dominion's office and Air Commodore T. E. B. Howe of the RAF.

The general's personal battle flag, which travelled with him from Normandy to Holland, was hoisted at the top of the mast.

Travelling with Gen. Creer are Brig. Charles Mann of Toronto, his chief of staff, and Jack Weir of Vancouver, his personal assistant, who was promoted Brigadier before his departure, and Capt. A. Morrison, the general's aide from Saskatoon.

RETURNS HOME—Capt. W. Williams, of the New Westminster Reg., who returned home over the weekend after lengthy service in Italy and Western Europe. Son of W. J. Williams, M.L.A. secretary-manager of the Canadian Legion, Capt. Williams was wounded during the Italian campaign. He was just 18 when he enlisted.

Negro Is Arrested On Murder Count

TORONTO, July 31.—(CP)—Harrold Biggs, 35-year-old negro of Hamilton, Ont., was under arrest today on a charge of murder in connection with the death of Knott Kellin, 45, Finnish gardener, in hospital here Sunday, five days after he was found unconscious in a city park.

Biggs was arrested after being questioned by two detectives concerning an injured man.

Ernest Modesty was first arrested in connection with the death. He appeared in police court earlier yesterday and was remanded a week on \$2,000 bail on a charge of being a material witness. Police said more arrests are imminent.

Police said they believed Kellin was set upon and beaten by two men and two women in a central Toronto park last Wednesday night. A large sum of money was found on the gardener's body and police discounted robbery as a motive for the slaying.

Charge Youth, 19, With Dad's Death

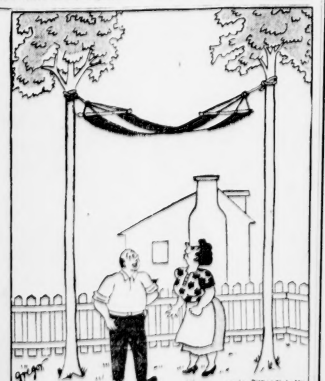

YORKTON, Sask., July 31.—(CP)—Vincent Manasterki, 19, appeared here yesterday before E. R. Smith, justice of the peace, on a charge of murdering his 65-year-old father, John Manasterki, and was remanded until Aug. 7 for preliminary hearing. Shortly after his appearance Manasterki left for Regina, and was placed in jail there. Preliminary hearing will be held at Yorkton.

Protest "Liberties" Of Some Aircraft

TORONTO, July 31.—(CP)—Major Robert Saunders yesterday issued a statement declaring the many "liberties" air being taken by aircraft flying over the city and that low-flying or high-flying aircraft are being taken by the city and that low-flying or high-flying aircraft are being taken by the city and that low-flying or high-flying aircraft are being taken by the city.

Allied Air Unit Is Out of Action

ROME, July 31.—(AP)—Duesse, one of the Mediterranean Allied Air Forces, the overall command which directed the air war in southern Europe from December, 1943, until Germany's surrender—was announced by Field Marshal Alexander last night. Effect at midnight, the action has little immediate effect on the organization.

LAFF-A-DAY—"They certainly shut up over the winter!"

Chiang's Forces Fight Communists

NEW YORK, July 31.—(AP)—The Chinese communist wireless at Yenan said last night that President Chiang Kai-shek's troops had forced communist troops to withdraw from the communist-controlled Yeh Tai Shan area in northwestern China after intense fighting.

The English-language dispatch, headed to North America and recorded by the federal communications commission, said the withdrawal was ordered after the government forces bombarded the area, at the southern tip of the communist Shensi-Gansu-Ningxia border region.

Last week Yenan said Chinese communist leaders had appealed to Chiang to halt the fighting. The dispatch also charged the government troops had said, "Fighting the communists comes first and fighting the Japanese comes second."

The Chungking government replied that the clash was "not serious at all" and charged that communist troops had started the trouble.

No Epidemic

TORONTO, July 31.—(CP)—The danger of a serious outbreak of infantile paralysis in Ontario seems to have passed for this year, although it is still possible that "we could have it," medical authorities here said yesterday.

The general's personal battle flag, which travelled with him from Normandy to Holland, was hoisted at the top of the mast.

Crowd at Coast Sees Death Plunge

VANCOUVER, July 31.—(CP)—Before the eyes of an evening theatre crowd, Albert B. Grant, aged about 36, of Vancouver, plunged about 100 feet to his death last night from a swinging scaffold between the ninth and 10th floors of the Rogers building, in downtown Vancouver.

Grant, an employee of J. Boshard and Son, Ltd., decorators, apparently slipped while adjusting the ropes which raised the scaffold only a few seconds before the plunge.

The firm was engaged in steam-cleaning the structure.

Eye-witnesses said Grant appeared to signal to two helpers on the pavement that he had adjusted the scaffold in place and when they released their hold on the ropes he plunged down, when one end of the scaffold gave way.

Brigadier Roosevelt Will Leave Service

WASHINGTON, July 31.—(AP)—Big-Gen. Elliot Roosevelt's military service will end Aug. 15, it was announced last night by the war department, which last night disclosed that Gen. Roosevelt had asked to be released from service.

The department said Gen. Roosevelt had originally asked on May 11 to be relieved and that its decision to relieve him had been taken "in the face of the appearance of recent publicity with respect to certain financial transactions."

German Escapes From Train Escort

SIDNEY, Ont., July 31.—(CP)—Lund, H. Schenckel, 25-year-old German, was prisoner, escaped yesterday from a Canadian Pacific Railway passenger train at nearby Chimo. He was being taken under escort from Seattle, Alta. to Hull, Que., when the break occurred.

Face Charge

MONTREAL, July 31.—(CP)—Gauthier, 40, were arrested yesterday by Royal Canadian Mounted Police on charges of possession of counterfeit sugar coupons. They will be arraigned in court today.

HOMER

Cutting Underway

WINNIPEG, July 31.—First cutting of grain in the west is reported today at Alderville, Alta., where fall eye went under the knife July 21, according to the Canadian Pacific Railway agricultural department. This particular crop is in territory just north of Lethbridge and is the first of the coarse grains to be harvested.

Suicide Fails Mob-Killing of Yank Fliers Is Told to Court by German

DARMSTADT, Germany, July 31.—(AP)—A 40-year-old German, one of 11 civilians on trial for the mob killing of six American fliers last December, tried unsuccessfully to hang himself in his cell Sunday night, but was brought into court yesterday to testify that he attempted to strike one of the dying airmen with a hammer.

The defendant, Friedrich Wuest, Nazi party member of long standing, was found hanging by a piece of wrapping cord tied to the bars of his cell window. A guard cut him down.

Wuest took the witness stand yesterday afternoon and told a military commission that while the mob milled around the captured fliers, with sticks and stones flying around like machine-gun fire, he p. bed some of the airmen aside to get in better position to hammer one of them. He swung two blows, but both missed, he said, and then someone in the crowd wrenched the hammer from his hand.

SECOND DEFENDANT

Wuest was the second defendant to attempt suicide. Two weeks ago Joseph Hergen, also a party member, ripped his wrists with a piece

Denies Suggesting French Surrender

WASHINGTON, July 31.—(AP)—Former French Premier Camille Chautemps yesterday denied having urged suggested French surrender prior to the 1940 armistice with Germany.

He said there exists "a complete misunderstanding" of a proposal he made to use French cabinet.

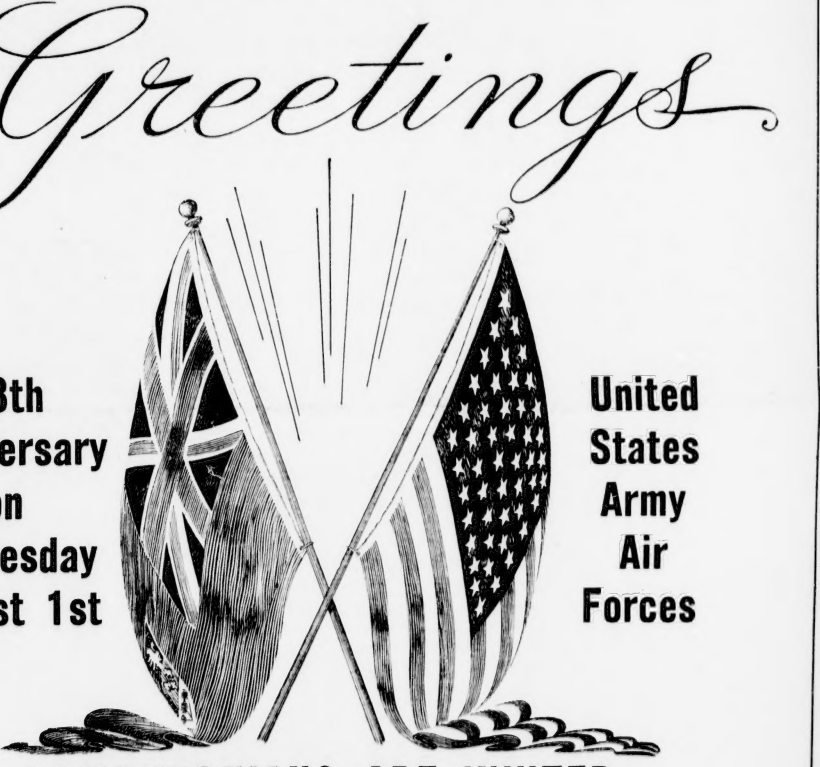

In a letter to the Washington Post, M. Chautemps denied a statement of Paul Reynaud at the trial of Marshal Petain that M. Chautemps aided a conspiracy by Marshal Petain and Gen. Maxime Weygand which resulted in the armistice.

"I asked him [Reynaud] direct to Paris in protest against this false accusation," said M. Chautemps. "I was never connected with any such conspiracy."

Going to U.S.

PARIS, July 31.—Reuters—Gen. de Gaulle will fly to Washington at the end of August to meet President Truman, it was learned Monday.

"Let's beat them to death!" She conceded that she had been "very excited" because of an Allied raid on the village the night before.

EDMONTONIANS ARE INVITED TO "OPEN HOUSE" AT U.S. ARMY AIR BASE WEDNESDAY Noon Until 6 p.m.

To celebrate the 38th anniversary of the United States Army Air Forces and to show Edmontonians some of the equipment Canadians will be using in the war against Japan, Wednesday, August 1, from noon until 6:00 p.m., has been declared "open house" at the U.S. Army Air Base here.

The half-day open house will feature exhibitions of many types of aircraft, ranging from heavy bombers and giant cargo planes to fast single engine fighters being flown by Canadian and U.S. pilots the world over.

More than 20 different types of planes, including the B-29 Superfortress, the C-54 Skymaster, C-47, C-63, the A-26 attack bomber and representative fighter aircraft will be open to public inspection for the first time at the base.

Competent guides will be on hand on air force day to explain and demonstrate the many planes and material on exhibition. Highlighting the exhibition will be a parachute jump staged by personnel of the search and rescue squadron of the base.
